Doug Pirrone
Berlinetta Motor Cars
138 Railroad Street
Huntington Station, NY 11746

Dear Doug, Janet, Nino, Lee and all the "Berlinetta Gang":

I just finished a great weekend at Willow Springs racing the Berlinetta 308 GT4 which you prepared for me. The car was flawless in performance and appearance. It turned a 1:54 and out-ran a number of more powerful cars including 328's, Panteras and one T.R. (slow driver) to name a few. The car turned out to be a show-stopper, and was widely acclaimed for its good looks and precision adaption to racing. To highlight the approval, a magazine photographer took a series of photos of the GT4 for a future publication.

When asked, "what most impressed me with the car"?, my reply related to the fact that not only did I purchase the car, but also commissioned modifications solely via telephone. In this era when the exotic automotive industry is replete with charlatans and hucksters, it is heartening to know that one can find a company such as Berlinetta Motor Cars which is professional, committed to quality and foremost in honesty and integrity. You are all to be commended, and it truly has been a pleasure to do business with you. Thank you again.

Sincerely yours,

Ronald W. Busuttil, M.D., Ph.D.
